Another great dance at the beautiful BlackRock Center for the Arts! Climate-controlled, plenty of parking, tons of nearby restaurants, and a STUNNING floating dance floor—what more could you ask for? What's that—wonderful music, you say? Well, we've taken care of that, too.

Whether you love to dance, miss the dances when swing was king, or just appreciate live jazz, you will dig that jive with Blue Sky 5. Playing songs made popular by Duke Ellington, Count Basie, Artie Shaw and Nat King Cole, along with tunes by other swing era artists, the band also performs original compositions inspired by the Big Band era. Formed in 1999, Blue Sky 5 is dedicated to keeping live swing music thriving. With the beautiful and stylish Cristina Crerar on vocals, this band always delivers a night of smooth swing that keeps the dance floor full.
